

WaterWORKS

Cape Cod Blue Economy Career Day

WaterWORKS is a day of exploration and excitement where 400 students from Cape Cod, Martha's Vineyard, Nantucket, and Plymouth will interact with 60+ blue economy and STEM related employers and educators. Interactive displays, fun activities, in-depth one-on-one conversations, and panel Q&A sessions leave students with a greater understanding of the career opportunities waiting for them here at home.

WaterWORKS promotes blue economy businesses by providing a platform to demonstrate their work, share internships and employment opportunities, and advocate for job skills required in their fields. Our exhibitor attendance grows more each year. We're proud that of past exhibitors surveyed, 95% say they will return to WaterWORKS.

NEW! This year, we are opening a portion of the event to 200 additional attendees including college students of all ages, families of students, younger learners, entrepreneurs, and active job seekers.

WaterWORKS is organized by Cape Cod Blue Economy Foundation, Inc in partnership with Cape Cod Regional STEM Network, Cape Cod Chamber of Commerce, Cape Cod Community College, and Cape Cod Commercial Fishermen's Alliance. Sponsorship funds allow students and non-profit organizations to attend the event free of charge.

Invest in our blue economy and future workforce by becoming a WaterWORKS sponsor.

Join us on Tuesday, January 14, 2025, at Cape Cod Community College in West Barnstable. More event details and registration are available at bluecapecod.org.
